27 Feb 06

Dear Hussar,

The Membership Committee of the Association of the 8<sup>th</sup> Canadian Hussars (Princess Louise's) Inc. is actively seeking new lifetime members for the Regimental Association. One of our primary focuses for this initiative is the current-serving members of the Regiment.

Members of the Regiment come from many walks of life and have much to offer the Regimental Association, including revitalizing and refocusing it. We all realize that membership is dwindling steadily and this has serious potential to greatly impact the initiatives that the Association sponsors. Members of the Regiment receive funding for many of their social activities through the Association; they, and their families, are eligible for university bursaries offered annually; and, most recently, can celebrate the more than 155 years of heritage of Canada's longest serving Armoured Regiment through the Regimental Museum in Sussex.

The Regimental Association needs your support, both as a contributing member, and an active member when time permits. In order to make application and financing easier for all, the Commanding Officer has authorized pay deductions for all personnel wishing to apply for membership in the Regimental Association. The lifetime membership fee of \$100 can be deducted at \$20 per pay or a \$100 one-time lump sum payment. Others may wish to send a cheque directly with their application.

Please consider this appeal for your support and membership in the Regimental Association. Simply complete the attached application form and return it in the self-addressed postage paid envelope to activate your lifetime membership.

Tom McLaughlan
